

A message from Frantz And Mireille:

Since relocating to Cap-Haïtien, we've encountered some challenges, but the children are gradually settling in and just completed this school year. Everyone is working hard to catch up on their academics since last year had so many interruptions in their school attendance. We are deeply grateful to everyone who supported us during the difficult times in Arcahaie. Your concern and generosity meant so much. Please continue to keep us in your prayers. We miss you and send our love.

Meet Woody:

Woody is an outstanding young man, now 17 years old. He arrived at Alex's House in 2010 with his younger brothers, Kindy and Willy. Remarkably, he completed his secondary studies in less than three years. He now assists Frantz with various tasks around the home. As Mireille once said, "Woody is the second man of the house."

A message from Neo and Nirva:

After leaving Arcahaie, the children have been adjusting to their new surroundings in Cap Haitien. They have been working hard on their academics, settling in at home, and growing in their spiritual lives. We are all still recovering from the trauma of the past year but God has been gracious to us — we're experiencing less stress, and the children are able to attend school, among other blessings. We are deeply grateful to you for never giving up on us and for always supporting us in any way you can. May God bless you and protect you and your family. Please continue to keep us in your prayers, because we truly believe that God can do all things.

Meet Rosemitha:

My name is Rosemitha, and I am 17 years old. I came to AH in 2011 with my sister Nadege, who is graduating this year. I was just 3 at the time. Though we arrived in tears, I quickly found love, support, and a true sense of family. That's when I knew I was home. Now entering my final year of school, I'm working hard toward my dream of becoming a doctor. In my free time, I love to dance and sing. I'm deeply grateful for all the support I've received and will keep moving forward with hope and determination.

From our Director:

Dear friends,

Thank you for standing with us—even when times are hard. Your constant support, your prayers, and your love have carried us through seasons of challenge and change. No matter where we are or what we face, we know we're not alone—and that means everything to us. Each day, we pray for you and your families, asking God to bless you as you continue to bless others.

With Him, we face every trial with faith and confidence, trusting that better days are ahead. Your help is not just appreciated—it truly makes a difference. We see it. We feel it. We live it every day. We love you, and we miss you more than words can say.

Jerry Jean
