Message from the Principal....

Michel Jean Wilzer

My name is Michel Jean Wilzer. When I was a school student, I enjoyed helping other students in mathematics, physics, and chemistry. Since then, I have loved education. I started as a teacher in 1997. After many years, I became the school principal for Trouforban. We currently have 160 students enrolled in our school. The number of students wanting to come to school continues to grow.

I also serve as the Pastor for the Ambassador for Christ Church. The number of people we have in the church is not stable. Sometimes we meet with 80 people. Sometimes we meet with 120 to 150 people. There is still much unrest in our area which affects people being able to get out to come to church or to the market to take care of their business.

I ask you to join me in prayer for the church to grow more in number, to grow spiritually, and for more people to come to know Christ in the community. Please pray that God will protect our community, so that our members will feel safe. And that God will give me wisdom so that I can carry out His work.

Thank you for your support of Trouforban Village School. Our children are learning and growing because of your commitment. God Bless!

Teacher Spotlight... **Marie Helene Michel**

My name is Marie Helène Michel. I became a teacher in 2016 because I love children and I love teaching. What I love most about teaching the children is when I use all the tactics to achieve my goal. Sometimes I sing with them, sometimes I dance with them. It's a way to put them in the mood to learn. I love teaching French and math because I feel very comfortable in these subjects when I teach them.

I come from a family that believed a lot in education. We are the Michel family, and we are made up of 7 children. Pastor Wilzer is my older brother. I feel proud of my family because of what we have become today. I was born in Trouforban, I grew up in Trouforban, and I am a member of the Trouforban church led by Pastor Wilzer Michel.

I ask you to help me pray that God may give me continued health, more wisdom, love, and a good understanding when I work with the children, so that I can do my job better.

Meet Our Students.....

Monclair Daninhio

My name is Monclair Daninhio and my mother is Monclair Hensel. My father died a long time ago, so I live with my mother and my grandmother. When I am at home, I always wash dishes, help fetch water, and sweep the yard. I have a sister named KaTwousa. She is older than me and we always play together at school. I am in the 6th grade. My favorite subject is math because I like solving problems and I like multiplication. I love my school a lot and I love the teachers.
