Message from the Principal... **Job Mervil**

My name is Job Mervil and I have been in education since 2008. I am the principal at Viello Village School and I also am a teacher to the students. I like to collaborate with the teachers for the smooth running of the school. For the 2025/2026 school year, we have registered 155 students.

I also serve as our church's pastor. Our church meets on Sundays with approximately 250-300 people attending. We are thankful that our members continue to come. It is peaceful in our area and only becomes stressful when we have to go to the market. There is still unrest in the market area. But we are thankful that we are able to move about freely in Viello.

Please continue to pray for us that we can stand firmly on God's Word, that we will continue to be faithful in what God asks, and for peace to be restored to our country so that we may return to a normal life. I thank each of you for continuing to support Viello Village School. The teachers, our students, and I are so thankful for each of you and your love for our children.

Teacher Spotlight... **Dieumene Simeusr**

My name is Mrs. Dieumene Simeus. I am 33 years old and I have 3 children. Jovenaica Mervil is 8 years old and in the 4th grade. Nathanaelle Mervil is 20 months old, and Samuel Mervil is 5 months old.

I have been a preschool teacher since I was 19 years old. I love teaching, especially kindergarten, so I can share my knowledge with the children. The subject I like to teach is French communication. I love to teach and I love to serve God.

Please pray with me that I will always keep in God's plan more every day in ministry and that our school will continue to grow. And that we will do our best teaching our students.

Meet Our Students....

Alexis Dapheca

My name is Alexis Dapheca. I am 11 years old and I am in the 2nd grade. My father is Enold Alexis. I have 3 sisters and 1 brother. My father is a farmer and he looks after cows and goats. I live with my uncle.

Every morning before I go to school, I always go to get water from the spring to wash the dishes and I also sweep the house. Sometimes when I come home from school, I cook rice and bean sauce. I like to play cat and dog with my friends after we finish our lessons. We also like to jump rope and play hopscotch.

When I grow up, I would like to become a nurse so that I can take care of people in my community. I love my school very much and want to say thank you to our sponsors that help us to be able to come to school and have a hot lunch every day.

"Thank you to our sponsors that help us to be able to come to school and have a hot lunch every day."

Alexis Dapheca

Meet Our Students.....

Samio Verna

My name is Samio Verna. I am 16 years old and I live with my mother and father. I have 4 brothers and 1 sister. My father is called Samuel Verna and he works the land. My mother is called Orius Bien-Aise and she is a trader. Every morning when I wake up before I go to school, I always move the goat. I also go to get water from the spring so my family can cook. On Saturdays, I wash the dishes when there is no school and go get wood for my mother.

My favorite subject is mathematics. I like the rice and vegetables we have at school very much. I always play ball with my friends after I finish my lessons. I would like to be a doctor when I grow up.
